Hang in there non-Book of Mormon readers or believers, as we will give you exclusive, undeniable evidences of its truthfulness which may change your understanding of the purpose of life.

#16 Simplification of Gods Plan

1. All mankind are born with the ability to know good and evil, no matter what religious organization or any other organization they are sold on sufficient to become a member.
2. In or for man to gain knowledge it was necessary to have opposition in all things. For a witness to the fact that there is a God, and of God's Plan, just look around you.
3. God created and freely gave mankind, especially in the beginning, everything in abundance. No need to work, no need to pay utilities, even the entire world was a tropical paradise, no deserts, no snow covered areas, no banks, finance companies, nothing that required dollars or money. Total Freedom or liberty.
4. Captivity is opposite to Freedom. Look around you. Now you can identify any organization which is of Satan or in opposition to God's Plan. Anything which has crept into your life, which did not exist in God's original plan of freedom and Liberty, which creates a subtle plan of captivity, is of Satan, no matter how nice they appear to be and what they call themselves. Again look around you. Realize that anything which taps your life's energy to provide a profit for others, to make their lives easier, is a form of captivity. Any form of captivity is, no matter how nice they appear, are of Satan and his plan to over throw Gods plan.
5. The easy way to recognize those satanic organizations and the people who accept them and participate within them, those of which God says they must repent or be destroyed, are they who function using an evil money system. One in which all is NOT held in common, creating a system of rich and poor, and ultimately PRIDE. Again Look around you, are you really enjoying God's Freedom and Liberty, or are you living and participating within a subtle plan of captivity? Is your government taking from your labors to position others above you in riches and pride? You might say, "he is crazy, this is the norm", but I am not saying this, God is saying this in the scriptures, argue with him, not me.
6. God did not send his children to earth to give up, with God finally annihilating mankind, as before. We were sent here to gain light and knowledge.
7. Satan is bound when he is found out and he can no longer fool anyone on earth. Test this in your own lives. When you finally find out that something you have been doing most of your life is hurting you, and you decide never to do it again. You've just learned and participated in the process of binding

Satan out of your life. The object is to, using your God given gift, that of knowing good from evil, is to use the spirit within you to identify all of those things which are in opposition to good, and eliminate them completely. Once accomplished you have accomplished what God gave you the privilege of enjoying mortality for, or God's Church. You can do all these things placing men you place above you, calling it of God, but if you fail to use you gift of knowing good from evil, getting stopped somewhere along your way, and feel comfortable until death, you have failed. You have place your trust in men of flesh, and not purely in God your Father. He tells us that if you place your trust in Man, you are cursed.

8. I am attempting to add a little freedom to our mix today. Along with all the wonderful things God has given us, most of which have been destroyed by wickedness creating our lone and dreary world, with the help of wickedness it is getting more lone and dreary every day. Not only materially, but man's spirits of searching for truth are giving way to total captivity. God gave two little bacteria which still exist, without them, I think all would die. They are inside you and all things living around you. They assist in life and after life until the body returns to the earth. So far the governments have not been able to captivate them and use them for profit, as yet. One of the bacteria lives off waste materials, the other lives off what is given off by the first bacteria and this bacteria gives off "Methane Gas" as a bi-product. Again look around you, they are in your grass, soil, shrubs, in your house, you food, waste foods, even in you. As an idea, an adult cow gives off about 100 gallons of methane a day. This process goes on day and night, summer and winter, and never stops. It is slowed down a little when it gets cold, but just like you, it needs to eat to live.
9. Now for a little freedom for you. If you can place a Propane tank, large or small at your place of residence, or even in your vehicle. These little bacteria's can free you of heat bills, electric bills, vehicle gas bills, just think of what God has given us, the governments around the world do not want you to know about this. The reason, is that its hard to captivate you in order to tap off some of your energies to keep them living high on the hog in their captivating systems.
10. I was taught this free by two scientist who were from Sweden. They said, I don't know what is wrong with America, we have been putting methane to use in our country since before I was born (and they were in their seventies when they told me this years ago). They told me, while they were living in a small subdivision in Salt Lake City, "Why there is enough methane energy available in and around our homes here to create more methane energy than could be used to completely power our home and cars." They then proceeded to prove to me how it could be done, inexpensively. Reminds me kind of when my Great Grand Father took my Grand father and the family from the middle of Utah to Yellowstone on a summers vacation. They filled the wagon, hooked up the horses, tied the cow to the back and took off. Camping along the rivers, shooting sage hens and catching fish in route. It took most of the whole summer, but cost them nothing in money. God provided the grass for the energy for the animals, food in the streams, etc. and what a trip that would

have been; without the captivating system in place to day that can provide millions of dollars for people like the Clinton family and others. Just doesn't seem quite right.

- 11.** Just think what a piece of mind it would be to know that you could safely capture free, your own methane gas, compress it into your propane tank, use it to heat your home, generate your own electricity, dispense it into a tank in your own vehicles, what security you could enjoy along with less captivity. Now you just need food at home, and I have that mostly covered with my Non-Electric Food Sprouter and Food dryer. It's not steak, but everything you need to keep you healthy can be grown and preserved in your kitchen for almost no money.
- 12.** I would like to talk about our money. We all know that God has been taken out of the schools. But do you realize that God was also taken out of our economic system? Except for the passage "In God we Trust", what a joke. Gradually the God given gold, and silver, created for the benefit of man, providing a way to secure wealth from the earth and traffic using it, was taken out of our money system and replaced with man made paper money. Money in which man could effectively control the value. The world shook and shuddered a while with America's choice, but soon fell into stride among all what is called in scripture, the gentile nations of the world. Our nation does not want you to barter, which is you trade your potatoes for your neighbors tomatoes or apples, this they want to be against the law. It's against the law for the people to traffic in any other system other than their paper money system, which actually holds no earthly values, other than a form of captivity. A method of gleaning from its public profit from their labors until they die. Can't you see this is of Satan and not of God. Even if you are skilled enough to stay a head sufficient to have a few hours a day for yourself, a short week or two vacation a year, its captivity. In the scriptures men lived their lifetimes in captivity, raised their families in captivity, died in captivity, and their children lived in captivity. Isn't that the way we are living today? With every various type of business and church following suit with the governments, gleaning their portion of our strengths to sustain their organizations and themselves. This is what God is warning about in the scriptures. He not only warns, but shows us historical, living examples so we can compare our situations to theirs.
- 13.** I see in my mind today that it is like a beautiful passenger train, one more beautiful and luxurious than anything I really have seen. It has everything, and all the beautiful wealthy people are in it and enjoying every minute. They are reaching the crest of a hill traveling almost 100 miles per hour and now heading down hill and gaining speed. They are dressed in their finery, eating, drinking and showing off all their finery to one another in their pride full lifestyle. I am even on the train, as is most of us. As we are picking up speed the engineer of the train realizes that the breaks have gone out, and the train is approaching, down the road, a dead end as the train track runs directly into a huge rock mountain wall. Realizing that at this point, there is nothing the

engineer can do to assist those inside the train, so he leaves the train, unattended.

Mean while, the passengers haven't a clue. A little bird, most likely the spirit tells me, I better get off that train, I don't know if there are others, but the seriousness of the warning causes me to immediately jump from the train, even though it might hurt, and I do. The train, as warned hits the wall with out a survivor. The train and its cars were those in the gentile nations with each car representing each of the industrialized nations of the world who are enjoying the wealth of Satan's economic system, as taught in Revelations: *For all nations have drunk of the wine of the wrath of her fornications, and the kings of the earth have committed fornication with her, and the merchants of the earth are waxed rich through the abundance of her delicacies.* And as for me, I think, The Jump (4) *And I heard another voice from heaven, saying, Come out of her, my people, that ye be not partakers of her sins, and that ye receive not of her plagues.* And as for the train, (9) *And the kings of the earth, who have committed fornication and have lived deliciously with her shall bewail her, and lament for her, when they shall see the smoke of her burning.*

I might be wrong, but I do believe I see the signs given us all around us of these happenings.

- 14.** In my generation, what I have been lead to believe is that in order to have a happy life I needed to trust and become efficient in making a financial profit off of others. At the same time I was trained to go to church and to believe in God. I now feel what was taking place is that I was being trained to become efficient in serving Satan and his system and to relinquish my real trust and faith in God and his system while participating within what I felt was supporting God while denying the power thereof.

My immediate and trained response to the methane discovery above was, now what is the best way to make dollars from this discovery. But you see, this proves, at least to me, that I have been well trained to place my complete trust in Satan's system of economics. In doing so, I prove my real trust in my God, my Father and what he teaches me. If I really trust in my Father, just what isn't possible. But because Satan's economic system has be so engrained into us, it hard to break away and trust God. That's why faith is so important to our salvation, faith in our Creator, God. Without knowing of our real creation, with questions brought upon us by educated men, such as Darwin, and his offering was but a theory, but man uses it to day to confuse us. We are not sure if we sprang from Monkey's as is being taught to our children, or not. Unless we have faith, as it proceeds the miracle of real knowledge.
