Hang in there non-Book of Mormon readers or believers, as we will give you exclusive, undeniable evidences of its truthfulness which may change your understanding of the purpose of life.

#20 My Fear

It is my fear today that I might be one of those spoken of in Ether, one who, in our day, chooses to take the Holy Words of God as a thing of naught.

One who is cursed because I have place my trust in men of flesh, or possibly one who has placed trust in the false prophets warned of by Christ in 3rd Nephi.

One who does not appreciate that the Holy Word of God was given to the world word by word, unmistakably given in our own English language by God and read verbally by Joseph Smith, Jr. and witnessed by three or more scribes, as they recorded every word as read by Joseph. Which words are to be those the world will be judged by at judgment day. Nothing added or nothing taken away, as verified by Christ, again in 3rd Nephi.

A simple example: If a relatively unknown qualified friend should, through another, were to present you with a check for a million dollars. With excitement you would share this good news with others, going from one to another showing them your good fortune. You would carry this check with you everywhere you went sharing this good news. You would place it under your pillow at night, keep it close, and with you at all times, but suddenly before you cashed it, you fall sick and die. What good would the check be, as no one else can cash the check to receive the benefits but you, but you are gone.

The Holy Word of God, in fact was given to the world in this dispensation. To many God personally witnessed its truthfulness through direct revelation through the Holy Ghost, as promised. Yet almost in the twinkling of an eye, we transfer our faith in the God of our world to whom has just spoken to us, to men of flesh by dividing our trust in God in being confirmed into a membership of an earthly church guided and governed by men of flesh when we have just been spoken to by God.

You see, the Holy Word of God plainly establishes the fact that there are only two churches. That being the case, every church since the beginning of time and through to the end of our probationary time must fit into one or the other of those two churches.

The Holy Word of God then proceeds to teach the precepts or attributes of each of these two churches by word and by living examples. There can be no question as to those opposite precepts as taught as there are those precepts of the church of the Lamb of God or Christ, and those of Satan's church. If an individual, not an organization, but

individually a person does not live each and every one of Gods precepts, automatically by default the individual is not a member of the Church of the Lamb of God with God at its head, but a member of the opposite church with Satan at its head.

The Holy Word of God as given in its most pure and un-transfigured state is far more priceless than a million dollar check. Its value is mortally and immortally incalculable in value to us. Yet we who have received this verification of its truthfulness through direct revelation from our father, but then allow men of flesh to replace him in any way in our lives, become idolaters as we are warned of by placing our trust in flesh. Thus we have put the Holy Word of God as given us by our Father as a thing of naught, and shall be cursed and will perish. According to that which we have been given.

One cannot serve two masters, God and Mammon at the same time. Mammon being an unholy money system which described, is used to create inequality among men, rich and poor, placing some above others, and pride. This is not Gods way of life, but Satan's way of life. Are we those who have been subtly brought down into captivity, a lifestyle which holds no promise? Study yourself and your loved ones around you, your way of life including your religious affiliations. Are you and they all functioning within a system of captivity, one which holds no promise?

Study the lifestyle of the Millennium. A time when Christ will be our king. Is the lifestyle you are living a mirrored image of that in the life style lived under Christ in the Millennium? If not, to be saved at the last days we must individually eliminate all attributes we presently live which will not be lived during the Millennium. Otherwise, we will perish at the cleansing. Is the Millennium lifestyle the way your leaders and teachers are teaching you to live? As an example of Christ's righteousness, are they living the Millennium lifestyle?

The Holy Word of God teaches all the attributes necessary to stand approved at the last day, those same attributes to be lived when Christ is our king. When what is termed the Babylon lifestyle is no more, as the Babylon system of life collapses along with those who are unable to change or repent.

You are the individual. You might be one, as I for most of my life, have been treating what God has given me as a thing of naught. But I will change or be damned. The choice is mine.

A meeting in the Salt Lake area is being formed for the day or evening of November 15th. It will be under the direction of the Clawson Shields Tours of Salt Lake. It appears that it will be an overview meeting consisting of Wayne May of the Ancient American Magazine who will share his research of the ancient people living on this land prior to the arrival of Columbus. Wayne will bring lots of artifacts and will give us an update on the

Burrows Cave or whatever it is now being called. Then Dr, James Harris, formerly a professor at BYU who will share his findings regarding similarities of ancient rock art here in our area and of that in the Jerusalem area. Then I will share my research and original theory of the United States of America being the Promised Land. This will stretch from the Promised Land of Eden down through time through Adam, Noah, the Jaredites, Nephites and us the Gentile periods of time. I will tell of the creation including the Sacred Mountain with the Sacred Cave in which Adam and the early patriarchs were to have been buried, to come forth in the last days - all located in Utah.

All research information will be available and some items of which you can purchase if you desire for those who wish to conduct their own research. Then Clawson Tours will suggest the possibility of tours visiting some of these research subjects by bus in America.

This meeting is suggested as an overview of information which will be gone over in several in depth meeting by each speaker at a later time. One meeting where Wayne May will have the time to really share his findings, a meeting for myself to do the same. If these materialize, from an address sheet passed at the first meeting you can request a seat at whatever meeting you wish to attend.

It sounds fun, but very scary to me as one of the speakers. To learn more, as there will be reserved seating to make sure everyone has a place to sit, unlike our first meeting, contact:

John or Mary Ellen Elggren, phone: 1 800 634-4928, or email:tours@clawsonshields.com

The exact location has not as yet been chosen as we do not have an idea as to how many will want to attend. There will be a small donation to reserve a seat (\$2-\$4) and cover building costs. Some have suggested Thanksgiving point, and even the Salt palace, but we will see.

The Clawson Tours have about 1500 members and they have been contacted to determine how many will want to reserve a seat. Once this is determined then there may be room for others and it will then be opened for reservations, but seating may go fast.

If you and/or some of your friends want to attend I think you better contact Clawson as soon as possible.

Please pass the word in whatever ways you have at your disposal.

For those coming from out of town, I have several bedrooms and roll out couches and camping area at my home in Evanston (one hour away from SLC), let me know.
