#53 The Holy Land

The Holy Land of the earth is not where Christ was born, but where man was created.

The most wicked land on the earth is where Christ was crucified by his own people, and has become the least desirable part of the earth having wars and blood shed continually every since the crucifixion.

“, how oft have I (God) gathered you as a hen gathereth her chickens under her wings, and have nourished you.” 3rd Nephi 10:4

This statement by Christ does not fit the happenings in Jerusalem, but it does fit the happenings on this land we call the United States.

- There is a land as described as the choicest land in the latter days, a land of liberty, a land where God has attempted to develop a righteous people from the beginning of time until now.
- First it is where Adam and Eve and their earlier posterity were created on a promised land called Eden, and then cleansed away by the flood because of wickedness; leaving the land free of people.
- The second attempt or gathering on this same land was with those from the Tower of Babel, the Jaredites as they returned to this promised land (Eden). Then cleansed again because of wickedness.
- The third attempt or gathering on this same land was with the bringing of the Lehi and Mulekite parties to this promised land (Eden). Again, because of wickedness, they were destroyed leaving a remnant of their people or seed of Jacob, we know as the Indian's today.
- The final attempt of gathering on this same land takes place with the Gentiles of our day arriving on this land as a result of religious persecution.
- Another cleansing takes place of the more wicked, leaving a handful of Gentiles who meet with those of the Lost Tribes, and those remnant of the Seed of Jacob, together to build a New Jerusalem in this same land, as apposed to the rebuilding of a Jerusalem in the older or more wicked land.

The Promised Land (Eden): (*Attributes in addition to those above*)

- When the earth was gathered in one, Eden was in a center part. West word in Eden was a Sacred Mountain created with tunnels and chasms by heat and water.

- When the earth was one, four rivers had their headwaters, or beginning at this Sacred Mountain and divided the earth in four parts.
- The Sacred Mountain is in the west of Eden in a place referred to as Paradise.
- According to Aztec Legends, when they returned the Gold they had taken from the Sacred Mountain, after they realized that Cortez was not the returning Christ, they returned all the Gold back to the Sacred Mountain of the ancients.
- Their Legend also indicates that at the Sacred Mountain there were seven ancient cities surrounding the Sacred Mountain they referred to as the Seven Cities of Gold.
- Modern archaeologists, in print suggest the possibility that this land was the land of Adam.
- As mentioned above, those of the Lost Tribes are coming to this land, not Jerusalem. They smite the ice with a rod, not the sand, a highway is then raised out of the deep, not out of a desert, they then come down, with their records, out of the north into this land, the land of promise or Eden.
- The LDS Church indicates that there is an area in the United States called Adam-On-di-Ahman where Adam will appear to present the records to Christ.
- Thus it stands for reason, Adams Records are on this land, the Jaredite Records are on this land, the Nephite records are on this land, and even the abridge copy of the Nephite/Jaredite records are on this land. All of which are to come forth when we have one trusted enough by God to bring them forth.
- This land is not Central or South America, but the land of liberty unto the Gentiles.

Think about it, it appears to me to be all coming together, as prophesied.
