84 Passing the Buck

Who are you trusting?

If you accept the Book of Mormon as truth, then if those whom you trust are of flesh you are cursed. Can you feel the cursing's yet?

We were warned "Don't let the secret combinations get above you", its to late, we have been trusting men of flesh to take care of us, and they really have.

It's only taken a little over two hundred years and they have taken 100% of the values from our money system, gold, silver, copper, even nickel. Where did it go and where and how are they going to feed their habit in the future? My wife, from one of the poorest countries in the world, Burma, came here with some of her gold jewelry, 22 and 24 carat gold. They would never purchase our cheap gold jewelry. Yet they can purchase this gold in their country when a months average wages is about twelve of our U.S. dollars, and in our rich country we are unable even to have gold in our coins much less real gold in our jewelry. Do you have any item with pure gold in it? I once had a 20 dollar gold piece of pure gold, but traded it.

Count your TV commercials in a one hour show, 20 minutes of show, 40 minutes of commercials, up to 80 commercials trying to sell you something. You pay for the TV, you pay for the electricity, heat, and place to watch it, and feel you are intelligent.

I wipe off several times a day, up to 100 unwanted emails trying to sell me everything from their children, to who knows. All sick, desperately trying to secure more and more worthless dollars.

Because of the ever increasing cost of government, nothing can be produced in America. As one example, steel. Because of our taxes we could purchase steel cheaper even after being shipped around the world to us than we could buy it here in America. Now our steel plants have closed. Now the price of steel has been raised for American products about three times from what it was. Why? Because now our steel production is gone, like our TV production business, oil and gas, etc. and the value of our money is gone, no one really wants our money because it isn't worth the paper its printed on, so its taking more and more of our money for them to accept our money. Then they have to get rid of it in a

hurry. Like purchasing our real property, like Sony picture studio's (MGM), etc. While in China I witnessed massive stores of raw steel blocks covering massive land masses. I wondered why. Now I know and understand. Each of those huge steel blocks, possibly several tons, is almost priceless, almost like gold. Watch and see how everything which uses steel in America skyrockets in price. It may even become impossible to produce vehicles, because we can't compete because of steel costs.

No one can afford to produce a product in America and compete, because of the cost of our politicians we trust.

In the Book of Mormon Christ commands us to read the writings of John (Revelations). We are told we will understand them in the latterdays. One of the things it tells about is that those in the shipping business have their ships come to a stand still, as no one can buy their find goods.

Well I have stood on the loading docks in Korea, Hong Kong, Taiwan, Japan, China and I have even sold and purchased containers of their fine goods. This passage in John comes plainly into view. Soon no one will accept our money as its become worthless, and we have no gold, silver or other valuables to exchange for their fine goods. Right now a U.S. dollar is worth less than ten cents on the world market. The rest here in America is soaked up in man-made taxation and inflation.

Yet most of you and your religious leaders live like "All is well in Zion". Well I say from reading the Book of Mormon, there is not a Zion here on the earth today, the Zion used here today is upside down of what the Zion in the Book of Mormon speaks of. As far as "All is well", again we are totally upside down from being well. We are teetering on total collapse like never before.

If you have reasoned this out and worked out an alternative way to live, out side our Zion or Babylon, and haven't put it into effect, its most likely to late.

If you still want to attempt to remove yourselves from Babylon for the benefit of your loved ones and become more self-supporting, we can work together so lets get together.

Noah finally had to do his own thing.

Lehi finally had to give up and do his own thing.

With the help of God and the warnings of the Book of Mormon, we can learn and do our own thing. but as for me, I am getting old and tired.

I would like to insert one thing here. Never in the Book of Mormon does it indicate that we can live an evil lifestyle, and then at a twinkling of an eye, and like our leaders seem to teach, be quickened into righteousness. It teaches quite the opposite. However, if you think you are living a righteous lifestyle, then it must be patterned after that taught by Christ on this very land, that lasted for most of two hundred years. If you are not living that example, then those teachers above you are fooling you, as prophesied in the Book of Mormon. Don't kid yourself, they all have safe places to go to when things go bad, just

like our government officials. But where is yours?

You will be judged for your choices, and not for those above you. If you choose to allow men to dictate your lifestyle, and it does not parallel that example of Christ's, then your in real trouble, and its not going to get any better doing the same thing. It will do you no good to carry your Book of Mormon around with you, read it and pray, and not live as it teaches. This is treating God's Holy Words as a thing of naught. And it speaks of those who do this also.

We were not given the opportunity of life just to come here to become servants to those secret combinations above us and to Satan.

I am still of the opinion that there is a way, but its hard to step aside from the captivity we have allowed ourselves to become a part of. Some may just hope to coast through to the end of their lives, but what about their children and grand children? I call this passing the buck, the worthless buck.
